- Taiwan.  
Taiwan is the name of an island off the  
SE coast of China. Together with the  
Pescadores islands it forms Taiwan Pro-  
vince. Colonized originally by the  
Chinese, the island was later taken over  
by the Portuguese who gave it the name of  
Formosa. After the Sino-Japanese War it  
was ceded to Japan and remained under  
Japanese administration 1895-1945. It was  
returned to Chinese control after World  
War II. Became the seat of the Chinese  
Nationalist government, the Republic of  
China, in 1949 when the Communist People's  
Republic of China established itself on  
mainland China.  
Works issued by the provincial government  
of Taiwan and all works about the province  
and the island are entered under Taiwan.

- Madras Presidency was created in 1693, and the approximate present boundaries were established in 1801. In 1937, it was constituted an autonomous Province. It became a constituent state of the Republic of India on Jan. 26, 1950. The state was renamed Tamil Nadu (1969? Board of Geographical Names, May 27, 1970)  
The publications of this state are entered under Madras Presidency (through 1936); under Madras (Province) from 1937-49; under Madras (State) from 1950-1968; and under Tamil Nadu beginning 1969.
